Open to New Opportunities | Willing to Relocate | Open to On-site Roles

PROFESSIONAL SUMMARY

Fresher MCA graduate (Master of Computer Applications, 80%) with internship experience and hands-on projects in full stack web development, machine learning, data analytics and visualization, database design and IoT. Skilled in Python, PHP, Java, JavaScript, SQL, MySQL, R and Power BI. Quick learner with strong problem-solving skills, seeking an entry level role in software development, data analytics or IT where I can learn, contribute and grow.

TECHNICAL SKILLS

- **Core Areas:** Full Stack Web Development, Frontend Development, Backend Development, Database Design, Machine Learning, Data Analytics, Data Visualization, Forecasting, Internet of Things (IoT), Software Testing
- **Programming & Web:** Python, R, PHP, Java, JavaScript, HTML, CSS, SQL
- **Databases:** MySQL, MongoDB, SQLite, Oracle
- **Data, ML & BI:** Power BI, R, scikit-learn, pandas, NumPy, Streamlit, Machine Learning (Random Forest)
- **Tools & Platforms:** XAMPP, NetBeans IDE, ESP32 Microcontroller, Codex, Bolt.ai, Windows, Linux
- **Concepts:** Object-Oriented Programming (OOP), Relational Database Management Systems (RDBMS), Data Structures, Artificial Intelligence (AI) Agents, Authentication

EDUCATION

Master of Computer Applications (MCA) | *Jun 2023 – May 2025*
Adhiparasakthi College of Arts and Science, Kalavai | Score: 80%

Bachelor of Computer Applications (BCA) | *Jun 2020 – May 2023*
Adhiparasakthi College of Arts and Science, Kalavai | Score: 85%

HSC (2020): 73% | SSLC (2018): 82% – Anne Marie Matric Hr. Sec. School, Thiruparkkadal

INTERNSHIP

Web Development Intern | *Nov 2024 – Dec 2024*
CodeBind Technologies, T. Nagar, Chennai

- Developed responsive, cross-browser web pages using HTML, CSS, JavaScript, and PHP.
- Built frontend and backend features in client-based project teams, gaining exposure to the full software development lifecycle.

PROJECTS

EnergySmart – Electricity Demand Forecasting Dashboard | GitHub Repository
Python, Streamlit, Machine Learning (Random Forest), scikit-learn, pandas, NumPy, SQLite, Codex

- Built a Streamlit web app in Python that forecasts hourly electricity demand (6 to 168 hours ahead) using a Random Forest machine learning model (scikit-learn) trained on usage history and weather data (temperature, humidity, wind speed).
- Evaluated the model with MAE, RMSE, and R^2, and visualized actual vs. predicted consumption in an interactive dashboard with usage trends, hourly patterns, and Low/Medium/High usage breakdowns.
- Implemented user registration and login with hashed passwords, and stored each user's readings in a SQLite database, with CSV upload, manual entry, and CSV export.
- Added a Tamil Nadu EB two-month bill estimator, explanations of why usage is high or low, and energy-saving tips, with English/Tamil language support and light/dark themes.
- Used Codex as an AI coding assistant throughout development.

Real-Time Group Messenger | GitHub Repository
PHP, MySQL, HTML, CSS, JavaScript

- Developed a multi-user real-time chat application supporting simultaneous conversations.
- Implemented user profile management, authentication, and real-time message timestamps.
- Designed and optimized the MySQL database schema for persistent message and user data storage.

Home Security Server Monitoring & Automation | GitHub Repository
ESP32, PHP, MySQL, HTML, JavaScript

- Built a smart home security system integrating an ESP32 microcontroller with motion and environmental sensors.
- Developed a PHP/MySQL web interface for real-time monitoring and automated security alerts.
- Enabled remote access to live sensor data and system status through a browser-based dashboard.

CERTIFICATIONS & ADDITIONAL INFORMATION

- NPTEL Online Certification: Software Testing and Soft Skill Enhancement (2024)
- Offline Certification: Core Java Programming (2023)
- Attended Barclays Life Skills training facilitated by GTT Foundation.
- Participated in National Conference on Artificial Intelligence and Machine Learning.
- **Soft Skills:** Quick Learner, Creative Problem Solver, Team Player, Goal-Oriented, Strong Communication
- **Languages:** Tamil (Native), English (Proficient)
